Remote control with AnyDesk

.

Below are steps to allow remote control with AnyDesk:

- 1. Download AnyDesk.exe program from https://anydesk.com/download
- 2. Run AnyDesk.exe program with administrative rights. Right click AnyDesk.exe and select [Run as administrator] option. Depending on Windows configuration it may be needed to confirm this operation by pressing [Yes] button;

	Open
۲	Run as administrator
	Pin to Taskbar Pin to Start Menu
	Remove from this list
	Properties

3. Read AnyDesk address. In the picture below is main window. Field in which is placed AnyDesk address is highlighted with red frame;

New Connection		
AnyDesk🏈	in D G F	
This Desk		
Your Desk can be accessed with this address.	AnyDesk-Address:	
More information ()	•	
	Set password for unattended access	
	Send invitation	
Remote Desk		
Please enter the address of the remote desk		
Please enter the address of the remote desk you would like to access.		

4. Share AnyDesk address with person who will connect to computer;
